"Property"  
ATA

Dear Bill:

Enclosed are three copies of DD-1149 forms which I spoke to you about on the phone on 20 August. These cover the transfer of property from LMSC, Sunnyvale, California, to the Los Angeles APD. As I mentioned on the phone, the material was actually never shipped to the APD, but was siphoned off to one of our contractors. In order to relieve the Los Angeles APD of accountability, it is requested that you sign the DD-1149 forms and accept property accountability for this equipment under Project DRAGONLADY.

Please return the forms, when signed, to this office for forwarding. Also, in keeping with our conversation, I will advise [redacted] that you in turn will immediately transfer accountability of this material to his depot. Thanks very much.

25X1A

Very truly yours,

*J. J. Wendell*
